

# Flexible Abrasives - Quick-Change

## PREMIUM A-P01 PE Y Quick-Change discs

for steel, nonferrous metals, plastic and wood

### Application

- + For general grinding tasks on a wide range of materials such as steel, nonferrous metals, plastic and wood

### We recommend

- + Grit size 36/50/60 for maximum stock removal
- + Grit size 80/120 for fine grinding

### Advantage

- + Maximum productivity thanks to easy handling
- + Strong, two-layer polyester backing for a long lifetime
- + Also available in the fine grit range (grit 80/120) on request
