

Cutting discs - Freehand cut-off wheels

★ BASIC cut-off wheels for steel

Application

- + For machining steel
- + For cutting profiles, solid material and large cross-sections
- + Developed for use on manual cut-off machines with electric or petrol engines

Advantage

- + The product offers shortened cutting times with minimal exertion
- + Good lifetime and stability
- + Also suitable for powerful (over 5 kW) stationary machines

Form	Type number	Dimension	Specification	PU
