

# Flexible Abrasives - Radial bristle brushes

**PREMIUM SUNBURST**  
**radial bristle brushes**  
**(shaft mounted)**  
 for universal use

### Application

- + For light deburring, cleaning, finishing and polishing applications
- + For use on straight grinders

### We recommend

- + Operating speed of approx. 6.000 - 10.000 RPM for perfect finish
- + Maximum brush life by using the tips of the bristle with light pressure

### Advantage

- + Thin, flexible bristles enable a fast and constant finish
- + Maximum lifetime
- + Removal of thin layers from surfaces with minimal dust and heat

| Form | Type number | Dimension | Specification     | Grain    | PU  |        |
|------|-------------|-----------|-------------------|----------|-----|--------|
|      | 52RA        | 34570059  | 51 x 6,4 - 6 x 40 | COARSE   | 80  | 1 Pcs. |
|      |             | 34570060  | 51 x 6,4 - 6 x 40 | MEDIUM   | 120 | 1 Pcs. |
|      |             | 34570081  | 51 x 6,4 - 6 x 40 | STANDARD | 220 | 1 Pcs. |
|      |             | 34570084  | 76 x 6,4 - 6 x 40 | COARSE   | 80  | 1 Pcs. |
|      |             | 34570085  | 76 x 6,4 - 6 x 40 | MEDIUM   | 120 | 1 Pcs. |
