

# Brushes - Tapered brushes

## PREMIUM tapered brushes

for stainless steel

### Application

- + For removing rust, paint and lacquer, for cleaning welding seams and for surface preparation and finishing of stainless steel

### We recommend

- + Knotted wire DW for soft materials, delicate surfaces and slight impurities
- + Twisted wire DZ for heavy work, severe contamination and for removing paint and lacquer

### Advantage

- + Especially suitable for hard-to-reach places due to their shape
- + Universal tool with maximum brush life
- + High-quality stainless steel wire prevents rusting of the workpiece
