

Wire saw WCE18

Gross wire length 19 m

High start-up torque and power transfer with minimal slippage due to the large drive wheel.

Reduced load on main components due to reduced-pressure wire storage.

Clear, user-friendly control panel.

The wire saw has 15 m of wire storage and a powerful 18 kW high-performance drive for tough jobs in high-performance sectors such as controlled dismantling of large buildings.

The continuously variable wire speed from 0-25 m/s and the precisely adjustable tensile force – thanks to pneumatic wire tension – help provide maximum cutting performance.
