Perfect blast patterns with 6 bladed blastwheel

The drive unit ensures consistent and even feed

FBE350 maintenance and tool box

The FBE350 shot blasting machine is a professional blasting system for large areas and very hard concrete floors or coatings. Its modular design opens up unique application possibilities. The shot blasting width of the base unit can be doubled by adding

the extension module. The drive unit enables an even and infinitely adjustable feed. Maintenance work on the FBE350 can be carried out easily on site without special tools and with little loss of time.
