

Floor Milling Machine FPE200

Working width 200 mm

Different motors: 2.2 kW electric or 5.5 HP petrol version

Optional edger for milling right up to the wall

Versatile and durable cutter drum assemblies

The FPE200 offers quality and reliability for high performance and cost effective operation. The FPG200 is equipped with a gasoline engine and is ideal for construction sites

without power supply. Its main applications include surface texturing, scabbling, planing, grooving, cleaning, descaling and removal of road markings.
