

# Flexible Abrasives - SCM discs

★★★  
PREMIUM

**PREMIUM SCM discs without  
centre hole**

For universal use

**Application**

- + For reducing surface roughness, removing paint residues, smoothing surfaces, cleaning and removing welding seams, as well as deburring edges.
- + Machines for the chemical and food industry (production and maintenance), stainless steel furniture, automotive industry and railway construction, shipyards, aviation industry, propellers and jet engines, stainless steel scaffolding.

**Advantage**

- + Uniform surface results
- + Excellent service lifetime
- + Fast and aggressive grinding action
- + Quick replacement of the wheels

**We recommend**

- + Use on adjustable angle grinders
- + "COARSE" grain for cleaning, rust removal and coating removal
- + "MEDIUM" grain for easy cleaning and deburring
- + "VERY FINE" / "ULTRA FINE" grain for the final polish
